
PRODUCT SPECIFICATION SHEET

20100302/a (CO)

CRUDE GLYCERINE**Product Description**

Crude glycerine min. 80 % of non-GMO vegetable oil origin.
By-product from production of biodiesel (fatty acid methyl esters).

Organoleptic properties

Pale to brown viscous liquid.

Chemical composition

Parameters:	Guarantee figures [%, m/m]:
Glycerol	> 80,0 %
Ash (NaCl)	< 7,0
M.O.N.G.	< 3,0
Methanol	< 0,5
Water	balance

Recommended Storage Conditions

Store bulk crude glycerine in preferably stainless steel tanks at temperature 10 ... 50 °C. Heat before pumping to 50 °C or above.

Recommended Means of Transport

Stainless steel roadtankers or isotanks.
